

PROTEC

PROTEC PRO LOCK 21 INCH BATON HOLDER

Code: B14

Fabric: 1000D Nylon

Weight: 110g

Colour:

Black

About the B14:

The Protec B14 Pro Lock 21" Baton Holder is a durable, adjustable carrying solution designed to provide secure baton retention and convenient access during duty. Manufactured from tough 1000D nylon, it combines hard-wearing construction with an innovative locking mechanism for reliable everyday professional use.

The Pro Lock system allows the holder to rotate through 360 degrees and lock into any of eight positions, enabling adjustable positioning to suit individual carrying preferences. A rubber retainer helps keep the baton securely in place, while the press-stud closure allows the holder to accommodate a compatible baton when fully extended.

Designed for compatible 21-inch ASP, Casco and AutoLock batons, the B14 attaches to duty belts up to 50mm wide.

Features:

- Durable 1000D nylon construction
- Pro Lock rotation mechanism with 360-degree movement
- Eight locking positions for adjustable carrying angles
- Rubber retainer to help secure the baton
- Press-stud closure
- Designed to accommodate a compatible baton when fully extended
- Suitable for compatible 21" ASP, Casco and AutoLock batons
- Compatible with duty belts up to 50mm (2") wide
