

PROTEC 21 INCH BATON KEEPER

Code: BAT21

Fabric: 1000D Nylon

Weight: 80g

Colour: 
Black

About the BAT21:

The Protec 21" Baton Keeper is designed for integration with compatible Protec tactical vests, providing a secure and practical carrying solution for 21-inch expandable batons. Its extended design helps keep the baton firmly in place while allowing convenient access when required.

The versatile construction accommodates compatible batons with or without Hindi caps, providing flexibility for different equipment configurations. Designed for professional duty use, the baton keeper helps maintain secure equipment positioning during patrols and other operational activities.

Features:

- Designed for use with compatible Protec tactical vests
- Suitable for 21" expandable batons
- Accommodates compatible batons with or without Hindi caps
- Extended design for secure baton positioning
- Provides convenient access to essential duty equipment
- Suitable for professional police and security applications
