Black

About: Protec Plain Clothes Covert Shoulder Harness

The Protec C2 Plain Clothes Covert Police Harness is designed for police officers and law enforcement professionals requiring discreet, comfortable and accessible equipment carriage.

Constructed from robust 600D Nylon, the C2 provides a balance of lightweight comfort and durability for everyday use. The harness is designed to securely carry essential equipment including rigid handcuffs, CS spray and a wide range of batons.

A soft foam shoulder pad provides additional comfort and can be adjusted to suit the wearer. The main panel features 3mm velour padding for enhanced comfort, while adjustable straps allow the harness to be fitted securely to suit different body shapes and sizes.

An elastic trouser loop helps keep the harness securely positioned beneath the arm, providing a discreet and professional appearance when worn with plain-clothes clothing.
