Black

About: Protec Plain Clothes Harness

The Protec CU2T Plain Clothes Covert Police Harness is designed for police officers and law enforcement professionals requiring discreet, comfortable and accessible equipment carriage.

Constructed from durable 600D Nylon, the CU2T provides a balance of lightweight comfort and strength for everyday use. The harness accommodates essential equipment including rigid handcuffs, CS spray, a range of batons and radios, with a Klick Fast compatible dock for compatible equipment.

Soft, padded shoulder pads support both main panels and are fully adjustable, helping provide a secure and comfortable fit across different body shapes and sizes.

The back of the main panels is lined with 3mm velour padding for enhanced comfort, while two 25mm wide elastic belt loops help keep the harness securely positioned during use.

The CU2T has been designed with particular attention to balance, comfort and functionality, making it suitable for covert police operations and plain-clothes use.
