

PROTEC

PROTEC E2 SILENT KEY HOLDER

CODE: E2

Fabric: 1000D Nylon

Weight: 30g

Colour:

Black

About the E2:

The Protec E2 Silent Key Holder provides a compact, practical solution for carrying keys securely while on duty. Manufactured from durable, abrasion-resistant 1000D nylon, it measures just 13 x 6cm, helping minimise bulk on a duty belt or MOLLE-equipped vest.

The detachable split key ring can be easily added or removed using a webbing loop and secure press-stud fastening. The rear features a Velcro-lined MOLLE-compatible loop for attachment to compatible equipment, which can alternatively be used with trouser or duty belts up to 70mm wide.

Features:

- Durable, abrasion-resistant 1000D nylon construction
- Compact design to minimise bulk
- Detachable split key ring
- Webbing loop with secure press-stud fastening
- Velcro-lined MOLLE-compatible attachment loop
- Suitable for compatible MOLLE equipment
- Can also be worn on trouser or duty belts up to 70mm wide
