

PROTEC

PROTEC CHAINED AND FOLDING HANDCUFF POUCH

Code: H10

Fabric: 1000D Nylon

Weight: 66g

Colour:

Black

About the H10:

The Protec H10 Chained and Folding Handcuff Pouch is a versatile storage solution designed to accommodate compatible chained and folding handcuffs from Hiatt and TCH. Manufactured from water-resistant 1000D nylon, it features padded construction for additional protection and comfort during everyday professional use.

Its specially shaped design helps keep handcuffs securely positioned with minimal movement while being carried. A secure hook-and-loop fastening keeps the pouch closed, while the extra-wide rear webbing belt loop provides enhanced stability and helps prevent the pouch from rotating around the belt.

Compatible with duty belts up to 50mm wide, the H10 is suitable for police officers, security personnel and other professionals requiring practical handcuff storage.

Features:

- Durable, water-resistant 1000D nylon construction
- Padded design for additional protection and comfort
- Compatible with chained and folding handcuffs
- Suitable for compatible Hiatt and TCH handcuff models
- Shaped design helps minimise handcuff movement
- Secure hook-and-loop (Velcro) fastening
- Extra-wide rear webbing belt loop for enhanced stability
- Designed to help prevent rotation around the belt
