

PROTEC

PROTEC H14 PRO LOCK RIGID HANDCUFF BELT POUCH

Code: H14

Fabric: 1000D Nylon

Weight: 150g

Colour:

Black

About the H14:

The Protec H14 Pro Lock Rigid Handcuff Belt Pouch is designed for police officers and security professionals who require secure handcuff retention and adjustable positioning during duty. Manufactured from reinforced 1000D nylon, it combines durable construction with a practical, lightweight design for demanding operational environments.

Featuring the Protec Pro Lock rotation system, the pouch allows 360-degree rotation with eight locking positions, enabling the handcuffs to be positioned to suit individual carrying preferences. Heavy-duty press studs provide secure attachment to compatible 50mm duty belts.

Designed for use with TCH rigid handcuffs, the H14 offers a durable and adjustable carrying solution for professional duty equipment.

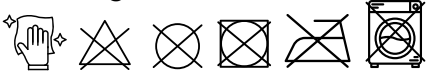

Features:

- Reinforced 1000D nylon construction
- Protec Pro Lock rotation system
