

PROTEC

PROTEC HIP SPEEDCUFF CASE WITH POCKET

Code: HIP

Fabric: 1000D Nylon

Weight: 86g

Colour: 
Black

About the HIP:

The Protec HIP Speedcuff Case with Pocket is a durable, padded carrying solution designed to keep rigid handcuffs secure and accessible during duty. Manufactured from tough 1000D ripstop nylon, it provides reliable protection and long-lasting performance in demanding professional environments.

Designed to accommodate rigid handcuffs, including compatible Hiatt and TCH models, the HIP holds cuffs in a fixed vertical position. A quick-release webbing tab allows convenient access, while the rear 50mm belt loop provides stable attachment to duty belts up to 50mm wide.

An integrated front utility pocket provides additional storage for a Protec mini first aid or resuscitation kit, available separately. This makes the HIP a practical choice for police officers, security personnel and other professionals who require accessible handcuff storage alongside essential equipment.

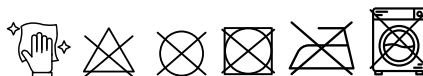

Features:

- Durable 1000D ripstop nylon construction
- Padded design for additional protection
- Suitable for rigid handcuffs, including compatible Hiatt and TCH models
- Fixed vertical handcuff carrying position
- Quick-release webbing tab for convenient access
- Rear 50mm belt loop for secure attachment
- Universal front pocket for a mini first aid or resuscitation kit
- Compatible with duty belts up to 50mm (2") wide
- First aid kit sold separately
