

PROTEC

PROTEC POLICE CHAIN HANDCUFF POUCH

Code: H4

Fabric: 1000D Nylon

Weight: 120g

Colour:

Black

About the H4:

The Protec H4 Chained Handcuff Pouch is specifically designed for carrying chained handcuffs securely and conveniently during duty. Manufactured from reinforced 1000D ripstop nylon with a 1mm plastic reinforcement layer, it provides additional strength and durability for demanding professional environments.

Its compact design measures just 120 × 90 × 50mm, helping to minimise space taken up on the duty belt. A strong press-stud fastening keeps the pouch securely closed, while the rear webbing belt loop allows attachment to compatible duty belts up to 50mm wide.

Suitable for most chained handcuffs, the H4 is a practical storage solution for police officers, security personnel and other professionals. It is not compatible with Chubb prison transport handcuffs.

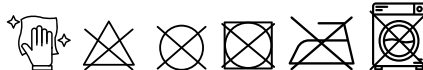

Features:

- Durable 1000D ripstop nylon construction
- 1mm plastic reinforcement for additional strength
- Compact design to minimise bulk on the duty belt
- Strong press-stud fastening
- Rear webbing belt loop for secure attachment
- Suitable for most chained handcuffs
- Not compatible with Chubb prison transport handcuffs

Specifications:
