PROTEC POLICE CHAIN HANDCUFF POUCH

Code: H5

Fabric: 1000D Nylon

Weight: 68g

Colour:

Black

About the H5:

The Protec H5 Folding Handcuff Pouch is specifically designed to securely carry folding handcuffs, including compatible models from Hiatt and TCH. Manufactured from water-resistant 1000D nylon, it offers durable protection and reliable performance for demanding professional environments.

Its specially shaped design helps keep folding handcuffs securely positioned with minimal movement during wear. A strong Protec press-stud fastening keeps the pouch closed, while the extra-wide rear webbing belt loop provides added stability and helps prevent the pouch from shifting around the belt.

Suitable for police officers, security personnel and other professionals requiring practical, secure handcuff storage, the H5 is compatible with duty belts up to 50mm wide.

Features:

- Specifically designed for folding handcuffs
- Water-resistant 1000D nylon construction
- Shaped interior to help minimise handcuff movement
- Secure Protec press-stud fastening
- Extra-wide rear webbing belt loop for enhanced stability
- Helps prevent the pouch from rotating around the belt
- Compatible with duty belts up to 50mm (2") wide
- Suitable for compatible Hiatt and TCH folding handcuffs
