

PROTEC

PROTEC LEATHER SPEEDCUFF CASE RIGID CUFF LOOP

Code: LH2

Fabric: Leather

Weight: 110g

Colour: 

Black

About the LH2:

The Protec Leather Speedcuff Case is a durable, premium-quality carrying solution designed for professionals who require secure and adjustable storage for rigid handcuffs. Handmade in the UK from 4mm thick genuine leather, it combines robust construction with practical functionality for demanding duty environments.

Featuring a three-position swivel mechanism, the holder can be adjusted and locked into one of three positions using a press-stud fastening, allowing users to select their preferred handcuff carrying angle. Two additional Protec press-stud retainers help keep handcuffs securely in place.

Designed to accommodate most brands of rigid handcuffs, including compatible Hiatt and TCH models, the case fits duty and trouser belts up to 50mm wide.

Features:

- Handmade in the UK
- Manufactured from 4mm thick genuine leather
- Three-position swivel mechanism for adjustable carrying angles
- Press-stud locking system to secure the selected position
- Dual press-stud retainers for handcuff security
- Suitable for most rigid handcuffs, including compatible Hiatt and TCH models
- Compatible with duty and trouser belts up to 50mm (2") wide
