About the M36:

The Protec Endurance Multi-Use Bag is a versatile 80-litre equipment bag designed for police officers, security professionals and other operational users.

Made from tough 1200D nylon, it can be carried as a traditional holdall or converted into a comfortable rucksack using the body-contoured padded shoulder straps.

The main compartment features a separate expanding wet-storage compartment, ideal for keeping helmets, muddy footwear or wet equipment away from the rest of your kit. Eight external zipped pockets provide organised storage, while MOLLE loops allow compatible accessories to be attached.
