

PROTEC

PROTEC TACTICAL SMARTPHONE POUCH

Code: PT20

Fabric: 1000D Nylon

Weight: 50g

Colour: 
Black

About the PT20:

The Protec PT20 Tactical Smartphone Pouch is designed to protect smartphones and PDAs while on duty. Manufactured from durable, double-layered 1000D ballistic nylon, it features 4mm foam padding and a scratch-resistant velour lining to help protect the device during everyday professional use.

With its clean, professional appearance, the PT20 complements uniform vests and duty belts. Each pouch is supplied with an Airwave-compatible fitting for use with compatible body armour and tactical vests featuring the Klick Fast docking system. A belt attachment is also included for belts up to 58mm wide.

Designed for smartphones and PDAs measuring up to 140 x 67 x 15mm, the PT20 provides a practical carrying solution for police officers, security professionals and other users who need their mobile device readily accessible while on duty.
