

# PROTEC XL MOLLE TACTICAL SMART PHONE POUCH

**Code:** PT38

**Fabric:** 1000D Nylon

**Weight**: 105g

**Colour:** Black

## About the PT38:

The Protec PT38 XL MOLLE Tactical Smartphone Pouch is designed to keep larger smartphones and small PDAs secure, protected and accessible while on duty. Suitable for police officers, PCSOs, security personnel and tactical professionals, it combines durable construction with a practical design for demanding working environments.

Manufactured from double-layered 1000D ballistic nylon, the PT38 features elasticated sides to provide a secure fit for compatible devices. Reinforced MOLLE attachment loops allow the pouch to be fitted to compatible garments, tactical vests and bags, while the hook-and-loop closure helps keep the device securely stored.

A pull tab provides convenient access when required, making the PT38 a practical carrying solution for professionals who need their mobile device readily available throughout their shift.
