

PROTEC

4 POINT BODY CAMERA HARNESS

Code: RD59

Fabric:

- 1000D Nylon

Weight: 0.10kg (100g)

Colour:

Black

About the RD59:

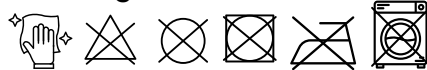

The high-grade materials not only provides increased durability but also contributes to the overall safety and security of the BWC units it carries. The strength and resilience of the nylon fabric make it suitable for both indoor and outdoor applications, ensuring that it can endure tough conditions while remaining functional.

One of the primary advantages of the Protec 4 Point Body Camera Harness is its universal compatibility with any Body Worn Camera utilising the Klickfast system. This harness simplifies the process of donning and doffing recording equipment.
