

PROTEC

PROTEC NYLON MAGLITE HOLDER

Code: T2

Fabric: 1000D Nylon

Weight: 40g

Colour: 
Black

About the T2:

The Protec T2 Nylon Maglite Holder is designed for quick and convenient access to C-cell and D-cell Maglite torches. Handmade in the UK from reinforced ripstop 1000D nylon, it features an open-top design for easy retrieval of the torch when required.

A durable leather belt loop allows the holder to be securely carried on duty belts up to 50mm wide, making it a practical accessory for police, security and other professional users.

Features:

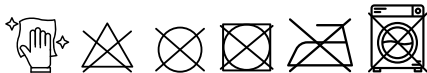

- Handmade in the UK
- Reinforced ripstop 1000D nylon construction
- Open-top design for quick access
- Leather belt loop attachment
- Suitable for C-cell and D-cell Maglite torches
- Compatible with duty belts up to 50mm wide
