PROTEC

PROTEC ADVANCED RED UTILITY VEST

Code: TV5PR

Fabric: Robust 1000D Nylon & Lightweight Polyester Mesh

Weight: Approx. Small (0.6kg) - X-Large (1.1kg)

Colours: Red

About: Protec Advanced Red Utility Vest

The Protec Advanced Red Utility Vest is a versatile equipment-carrying solution designed for security officers, dog handlers, search teams, USAR teams and other operational professionals.

Designed for users who do not require dedicated baton, handcuff or CS pouches, the vest provides practical equipment storage while maintaining comfort, adjustability and freedom of movement.

An exclusive MC Products UK Ltd design, the vest combines durable construction with a fully adjustable fit for reliable use in demanding professional environments.

Key Benefits:

- Fully adjustable for maximum comfort
- Adjustable shoulders and side buckles for a secure fit
- Velcro system allows reflective badges to be removed or replaced
- Designed for practical and versatile equipment carriage
- Suitable for extended operational use

Key Features:

- Airwave-compatible docks on both shoulders
- Five equipment pouch pockets
- Large zipped panel pockets
- Front and rear Velcro panels for operational badges or insignia
- Comfort-fit adjustable shoulders
- Adjustable side buckles

Specifications:

- Construction: 1000D Nylon
- Material: Breathable military mesh
- Stitching: Advanced ISO stitching technique for increased strength
- Fit: Fully adjustable

Sizing:

- Small: 28"–38"
- Medium: 36"–46"
- Large: 46"–50"
- XL: 50"–56"

Fitting Guide

- For the most accurate fit:
- Measure your chest while wearing body armour and workwear, including a hi-vis jacket.
- Measure your chest without workwear, as you would for standard clothing.
- Select a size range that accommodates both measurements.

Country of Manufacture:

- Pakistan

Comodity Code:

- 62113310
