About: Black Police Mini Equipment Vest with Airwave Docks

The Protec Advanced Tactical Mini Duty Vest, complete with a Peter Jones Spray Holder, is an exclusive design developed by MC Products UK Ltd for police and security professionals.

This specialist vest provides a streamlined platform for carrying essential equipment, ensuring quick access while maintaining comfort during extended use. Its compact design supports agility without compromising organisation or security of kit.

Built with frontline demands in mind, it balances practicality and durability, with the Peter Jones Spray Holder improving accessibility so critical items remain within easy reach.

All Protec Equipment Vests and Carriage Systems are designed by expert technicians with the input of Operational staff to ensure that each garment is:

- Comfortable
- Practical
- Fit for purpose
- Conforms to necessary standards
- UK Manufactured
- Left or Right Hand

Key Benefits:
