

PROTEC

PROTEC TACTICAL DROP LEG MOLLE PLATFORM

CODE: X2DLMP

Fabric: 1000D Nylon

Weight: 210g

Colour:

Black

About the X2DLMP:

The Protec Tactical Drop Leg MOLLE Platform provides a versatile, adjustable carrying solution for professionals who require quick access to essential equipment. Designed for belt-mounted use, it features a MOLLE-compatible platform that allows users to configure their equipment to suit operational requirements.

Manufactured from durable 1000D ripstop nylon, the platform is built for demanding working environments. Adjustable, anti-slip leg and thigh straps help provide a secure fit during movement, while the quick-release Flexi buckle allows convenient fastening and removal.

Ideal for police officers, including Taser and firearms units, the platform is suitable for mounting compatible Taser, baton and CS spray pouches, as well as a wide range of other MOLLE-compatible accessories.
